THE STORY

The Snow Queen is a fairy tale originally written by Danish author, Hans Christian Andersen, in 1844. It tells the story of the struggle between good and evil as experienced by Gerda and her friend, Kai. This timeless classic has been made into many movies and inspired the 2013 Disney film *Frozen*. Our production is a modern retelling by award-winning playwright Ron Nicol.

THE JOURNEY

Join us, as we travel through an ancient town, an old cottage, through dark woods, beautiful landscapes, rivers, a fairy castle, Finland, Lapland and the Ice Palace.

MUSIC

We have enhanced the story with: *The Title Music from Chronicles of Narnia, Once Upon A December, Walking In The Air, Ravel, Prokoviev and Vivaldi, You've Got a Friend, Pink Panther, Let's Dance, So Long Farewell, It's A Kind of Magic, Do You Hear the People Sing? Fresh Prince Rap, Castle In The Clouds, Let It Snow.*

There will be an interval of 15 minutes, with teas, coffees, snacks and a licensed bar available in the Lesser Hall.

SORRY.... but the licence forbids any form of filming!
So, strictly no use of phones.
